The 1961 Bluestocking

LIBRARY OF
MARY BALDWIN COLLEGE

Stately columns and shadowed buildings reflect the quiet serenity of the Old South. This is the outward charm of Mary Baldwin College. Her inward charm is found in the hearts of the young women who live within this unique and affable atmosphere.

The distant laughter, enduring friendships, lofty aspirations, and youthful speculations soon

will be only fleeting memories. The editor and staff of the 1961 BLUESTOCKING hope that by symbolic and pictorial representation of these intangible qualities, some of the happy moments of the past year will be captured and retained for future reminiscing. We present THE GOLDEN CHARMS OF MARY BALDWIN COLLEGE.

DEDICATION

It is fitting that this year's BLUESTOCKING be dedicated to one who is a true "bluestocking" herself. Truly a manifestation of the height to which womanhood may intellectually aspire, she is a paragon of learning to her students. Possessed with a vast knowledge of nature and its worth, she is capable of awakening all those who know her to the beauty and fascination of the living world.

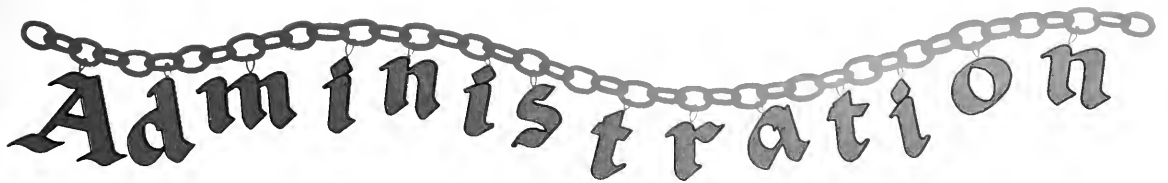

Devoted to the college and its ideals, she is the epitome of honor and cooperation. Her boundless contributions have enriched every phase of campus life. For her sincere concern for her students and their acquisition of knowledge, we dedicate the 1961 BLUESTOCKING to Miss Mary E. Humphreys.

Non pro tempore sed aeternitate —

the Mary Baldwin seal, the heritage of the past and the hope of the future, guidance and wisdom inter-related in all phases of college life, contributing to the development of mind and character — **not for time but eternity.**

Intelligent, vivacious, and witty, Bette can often be found in the "Catacombs" in a deep discussion about . . . well, you name it . . . she'll tackle it. Her interests range from playing the guitar to writing poems and stories for discussion in the 402 Workshop. She makes *Trial By Jury* her double role since she is a Judiciary Board member as well as a fine actress. Bette's achievements are culminated in the fact that she is President of the Laurel Society and a member of *Who's Who Among Students in American Colleges and Universities*.

ANNA KATHERINE BOBO

Candidate for Bachelor of Arts Degree

Psychology

Kay made a wonderful comeback in her duel with the alarm clock, when as a senior she defeated her ardent love for the pillow and completed her requirements as a student teacher. This may imply that Kay is lazy, but one needs only to witness her bubbling enthusiasm and radiant personality to realize that this is quite untrue. Her interests have varied from the Cotillion Club to the trials of being Chairman of the Board of Review, and she has played an important role in the activities of the Baptist Student Union, serving as its President for her last three years. Her sincerity and concern for others have carried through in her position as House President of Rose Terrace. Often called "Kay Bo", she may also be remembered as "Let's go" for her ever readiness to skip "those dining room meals!"

Betsy has claimed that she is shy, but she certainly has made no bones about expressing her true opinions. We all have considered her frankness a virtue and have admired this quality in her. In editing the 1960 BLUESTOCKING and in completing her studies a semester early, Betsy proved her efficiency and sense of organization. Her New Orleans pronunciations, however, seems to have been somewhat of a hindrance in Miss Fannie's German Class.

Julie's thoughtfulness and consideration for others were recognized by her election to the Judiciary Board in her junior year. Anne seems to have the proverbial thumb in many pies around the Mary Baldwin campus. Perhaps it is this versatility that "the Judge" admires so much. But most of all Anne will be remembered for her grace and competence as a dancer. This is not too hard to understand since Woo is an art major thoroughly engrossed in her vocation. She has been an active and interested member of several groups on campus, but she will be remembered with affection as shy "Nadine Grunch" from Slippery Creek, Arkansas, and as Nixon's most avid fan in the 1960 Presidential campaign.

Coordinator in her Sophomore year, President of the Junior Class, and President of Hilltop her Senior year, she repeatedly has proven the value of efficient planning. Coincident with her collected, orderly manner is an amazing storehouse of historical facts and current happenings on the international scene. A final tribute and recognition of these traits came with her election to *Who's Who Among Students in American Colleges and Universities*.

Kathy has a unique lingo that sparks enthusiasm and generates joviality into every gathering. Besides babysitting for her pedantic big brother and tooting around in her white Impala, Kathy has given much time, energy, and spirit to the Christian Association; for coupled with her ability to enliven any group is a deeper quality which enables her to reach and inspire a serious audience. Illustrative of this ability was her chapel meditation concerning life at Mary Baldwin without the blaring noise, the smoke-filled club, the many people and their many problems.

Kitty Lou's subtle wit and fun-loving personality have added much prankish amusement to life in Memorial and Bailey during the last four years. Her suite-mates never speak of her as being the greedy type, yet we sometimes wonder why she could not be satisfied with just one Mercedes. Perhaps she needed two so that she would have one for practice teaching and one for her frequent trips to Roanoke.

BARBARA CRANDALL WILLIAMS

Pittsburgh, Pennsylvania

*Candidate for Bachelor of Arts Degree
Art*

A charming smile complemented by excellent artistic taste has accompanied Barbara through her college days. Her artistic aptitude and interest in fashion resulted in her becoming our campus representative to *Mademoiselle*. Her efficiency and willingness to work led Barbara to the positions of secretary of the Junior Class and junior member of the Board of Review. Topping her college career was her election to serve as Senior representative and secretary of the Judiciary Board. Barbara has won far more than the respect and admiration of this campus; for her there will be orange blossoms in August and a new life in Philadelphia.

JOAN NELSON WILLIAMS

Mobile, Alabama

*Candidate for Bachelor of Arts Degree
History*

A history major with a particular flair for political debate, Nelson has brightened many a day with her quiet yet effective wit and humor. Her frequent visits to the King's Daughters' Hospital during the fall made quite clear her concern for a certain member of the Staunton community. Her genuine interest in her classmates needs no elaboration; it has been felt by all who have known her and observed her black eyes change quickly from mischievous gaiety to troubled concern for a friend.

*Candidate for Bachelor of Arts Degree
English*

Above all, Bruce is dedicated to Mary Baldwin and its ideas. From the moment she entered Sky High as a Freshman to her senior position as Chairman of the House Presidents' Council, she has taken an active part in campus life. Whether she is in the dining room, at choir practice, or just in a classroom, Bruce's mischievous personality and red hair have added spark to every activity. Her qualities of leadership and her love for and sincere interest in the college and her fellow students were recognized by her election to the Laurel Society and to *Who's Who Among Students in American Colleges and Universities*.

OLIVIA ROGERS
President, Student Government Association

Student Government

Student Government at Mary Baldwin College is an integral part of the educational process, for it is the agency through which we create the most desirable atmosphere for the realization of the aims in our educational experience. It is the coordinating element through which every aspect of campus life is brought together and made meaningful in the total life of the student. Over the years self government by students has become a valued and indispensable part of the college community.

During the year 1960-1961, many programs and special projects were organized and sponsored by the Student Government Association. The procedure of student body elections was thoroughly evaluated, and legislation was made to adjust our system to the immediate growth of the college. A program for the emphasis of honor and its application to the Mary Baldwin Community was carried out specifically for the Freshmen prior to their ceremonial signing of the honor pledge. During Christmas vacation, parties were given for girls interested in Mary Baldwin to acquaint them with student life.

A concern for an interest in the world outside the college community on the part of students promoted Student Government sponsorship of a Mock Presidential Election and the sale of daily newspapers on campus.

Delegates were sent to the national and regional conferences of the National Student Association, as well as to local meetings of deans and students from several Virginia colleges and universities.

The encouragement of each individual to develop her full potentialities in the Mary Baldwin community is the broad objective of Student Government. The officers who serve on the three branches of Student Government represent the student body in many capacities, thereby seeking to integrate all elements of our campus life. Each organization and class is represented on the Student Board which is the central coordinating and legislative body. The House Presidents' Council is concerned with administration of house regulations and the personal adjustment of the individual, and the Judiciary Board is the student court which constantly endeavors to instill and uphold the most cherished ideals of the honor system.

Surely the Mary Baldwin Student Government Association fulfills itself in its realization of the full meaning and value of the honor system and in its acceptance of it as a guide to all our efforts and endeavors at Mary Baldwin.

Executive Committee

The Executive Committee is the central coordinating group of the Student Government Association. The President and Vice President of the Association, the Chairman of the Judiciary Board, and the Chairman of the House Presidents' Council serve on this committee. Their function is to evaluate the total program of student government. Matters of concern or recommendations concerning the constitution or rules are then brought to the attention of the Student Board. This committee also plans Student Board projects, assists in editing the handbook, and reviews the student budget for each year.

Judiciary Board

The Judiciary Board is more than the student court at Mary Baldwin, for its primary concern is seeing that the ideals of the honor system are fulfilled by each student in spirit and action. Living as members of a community it is necessary that we are responsible not to ourselves alone, but to an ideal higher than ourselves. With the honor system as a way of life, each girl is responsible for her own actions, but she is honor bound to report her rule infractions. The principles of honor and cooperation become a necessary basis for a successful method of student government, thus enabling our lives to be more harmonious and helping us to reach our goals more successfully.

House Presidents' Council

The ten dormitory presidents meet twice monthly prior to house meetings to discuss mutual problems and prepare announcements. The council has begun a new policy this year of turning over one monthly meeting to a session in which each house president reports on projects, problems, and the general spirit of her dormitory. The main concern of each house president is the happiness and well being of each individual, as well as keeping the dormitory a smooth running, happy and comfortable college home.

Day Students Organization

Everyone knows the day students after sampling their homemade food and perked coffee in their lounge the week before Christmas. This is only one aspect of the many ways in which the day students participate in campus life. Several day students hold offices on campus, are active in the Choir, the Christian Association and other organizations. The day student is a valid example of a balance between two environments united.

National Student Association

The National Student Association is a federation of student bodies of colleges in the United States. Member schools are kept in touch with other colleges, and trends of thought over the nation are exchanged. Each summer there is a national congress where views are expressed and student legislation is passed. Regional conferences are also held throughout the year to discuss area problems in addition to national policies. This year Mary Baldwin was represented at both the national conference, which was held at the University of Wisconsin in August, and the regional conference, which was held at Randolph-Macon Women's College in December.

Board of Review

The Board of Review schedules the meetings and programs of all campus organizations and must approve all money-making projects. The Board also plans the Friday assembly programs and prepares the NEXT WEEK bulletin. The Club Carnival in October was organized by the Board of Review. Publicity for Academic Week was also a Board project. After evaluating the procedures and the programs of the various campus organizations, the Board awarded the plaque for the best club to the International Relations Club.

MAE WELLS JONES, PHEBE PALMER, EMILY TYLER, MARGARET THOMPSON, LINDA DOLLY

International Relations Club

A bulletin board of interesting news articles endeavoring to inform the student body of national and international events, has been an interesting project of the International Relations Club. Regular meetings consisting of discussions, panels, movies, or special speakers selected from the faculty, student body, and other sources, have, given members a better understanding of the people and affairs of other countries. The I. R. C. also helped sponsor the Mock Election and discussions related to the Current Issues Lectures.

LACEY SANFORD, PAGE PUTNAM, ELEANOR DUNLAP

Young Republicans Students for Kennedy-Johnson

To provide an outlet for the expression of student political beliefs and to encourage student participation in national affairs, the Students for Kennedy-Johnson and the Young Republicans clubs were organized in the beginning of the school year. Both clubs worked with the Student Board in organizing and sponsoring the Mock Election in November. Literature about the parties and the candidates was distributed and speakers were invited to stimulate further interest and participation in politics.

Cotillion Club

Larry Elgart's Band was the feature of this year's Christmas Dance sponsored by the Cotillion Club. A concert was held the afternoon of the dance, followed by a buffet supper. The decorations for the dance centered around a theme of "White Christmas". Approximately twenty large cedar trees surrounded the gym and one end of the dance floor was decorated as a large bay window through which a lighted Christmas tree could be seen. The highlight of the evening was a figure in which the officers and the executive committee of the club and their dates participated.

Social Committee

Activities sponsored by the Social Committee this year have ranged from spontaneous parties in the Club to the gala May Day Dance. The Halloween party in the Music Building provided harrowing experiences for all who attended. Whenever possible the Social Committee has worked in conjunction with the Cotillion Club to plan activities for an entire week end. The Stonewall Jackson Hotel was the scene of a very successful combo party on the night preceding the Cotillion Club Christmas Dance. The student body birthday party, held in the new dining hall, was one of the truly festive events of the year.

Fine Arts Club

The events sponsored by the Fine Arts Club have served to widen the cultural interests of the college community. Talks on oriental music and modern art, a demonstration of Spanish dance, discussions of literary works, and short dramatic productions were presented to the Fine Arts Club this year. Informal receptions for visiting King Series performers were held throughout the year to acquaint members with these personalities.

402 Workshop

Although the members of the 402 Workshop keep the significance of the name a closely guarded secret, much is known of their work. The 402 Workshop group meets informally once or twice a month in Dr. Brice's apartment where meetings are often taped recorded. The members are dedicated to creative writing efforts and to critical analysis of these works. Members attended the poetry festival at Hollins College in the fall. The highlight of the year was a meeting with Robert Speaight in March.

Club Committee

Macke machines, music and mail make the club the center of Mary Baldwin activities. In order to make the club a more enjoyable and pleasant place in which to relax, the Club Committee supplies cards, straws and ash trays, and assigns one month of clean-up duty to each dormitory. New tables and chairs, new curtains, new mailboxes and side doors, a new drink machine that dispenses ice, and a new juke-box have made this year's clean-up job more one of pride than necessity.

Eta Beta Pi

Eta Beta Pi is neither a club nor a sorority; it is the name given the group of girls who work in the dining room. Hurrying to and from the kitchen in their yellow pinafores, the Eta Beta's add a bright note to every meal. This has been the first year that the head Eta Beta has served as the official dining room hostess. It has also been the year of the big move to the new dining hall and no one has appreciated the spaciousness and restful atmosphere more than the Eta Beta's.

Choir

The Choir is not only an inspiration to the whole school because of the music which it provides for chapel services, it also serves as a spirit lifter for the Choir members themselves. Daily rehearsals are a means of relaxing before dinner as well as giving necessary practice for various programs performed both on campus and on tours. The Christmas concert, including R. Vaughn William's *Magnificat*, was recorded for a special Christmas Eve broadcast. In March the Choir presented a joint concert with the Princeton Glee Club in which the groups sang Hayden's *Second Mass in C*. Choir members also assisted in the spring production of "Murder in the Cathedral".

Hobbies and Crafts Club

A mutual interest in various phases of handiwork and decorative arts brings girls together to share their skills and to widen their abilities in the Hobbies and Crafts Club. When the knitting wave hit in the fall, the Hobbies and Crafts Club, with the help of Mrs. Patch, the sponsor, inducted knitting lessons. During December the members made and decorated felt stocking for the Effie Ann Johnson Day Nursery. The club held a demonstration on the art of flower arranging in the spring.

BARBARA HARRIS
President

One of the most vital and all encompassing of the campus organizations is the Christian Association. One of its aims is to plan programs and projects so that the interests of many students may be covered. With this in mind, the Christian Association offers students opportunities to work in Western State Mental Hospital and VSDB and to aid in the planning of campus social life such as the Freshman Pajama Party, Peanut Week, and the Freshman-Faculty Picnic. Each year the Christian Association sponsors a campus stewardship drive which supports the World University Service and the Mary Baldwin School in Korea. This year working with the denominational organizations, study groups were planned which covered such topics as the "Possible Causes of World War III" and "Christ and Culture." Religious Emphasis Week, led by Dr. Kenneth Foreman, was the culminating project of the year.

Westminster Fellowship

The Westminster Fellowship strives to make the church a meaningful and vital part of the life of each Presbyterian student. Well-planned Sunday morning worship programs and attendance at various denominational and interdenominational conferences have helped the group in their spiritual growth. Parties and night worships with groups from the Lexington and University of Virginia Westminster Fellowships have added diversification to the year's program by providing an opportunity for exchange of ideas and experiences.

Canterbury Club

Members of the Canterbury Club are invited to question their lives in the light of Christian commitment. They are encouraged to take an active part in the work of the Episcopal Church by assisting in the Sunday School. Mr. Brooke, the club's chaplain, has held weekly afternoon teas at his home so that he could become personally acquainted with the club's members. Lenten discussion groups had as their topic "Is the Episcopal Church Dead?" This proved to be a very stimulating subject and led many girls to a more concrete understanding of the faith of the church.

Wesley Fellowship

The Methodist students on campus meet every Sunday morning at Central Methodist Church. The purpose of these gatherings is to give each participant an opportunity to take an inward look and to find her place in the Christian world. Special programs this year included a joint meeting with the Lexington Wesley Fellowship in November and attendance at a model U. N. in February.

Baptist Student Union

The Baptist Student Union is student led, church-related, and Christ-centered. It serves as a tie between the Baptist students and the local Baptist church. The objectives of B. S. U. are to promote spiritual and moral growth of the individual, to promote evangelism and stewardship and to develop balanced Christian personalities and a deeper affirmation of faith. Members teach Sunday School at V. S. D. B., have "adopted-parents" in the church, have Sunday School each Sunday and two meetings monthly. It is the church at work reaching out to its students

Newman Club

The Newman Club is a recently organized club for girls of the Roman Catholic faith. Although an immediate objective of the club has been the stimulation of a closer relationship with the other denominational groups on campus, the prime aim is the creation of a fuller understanding of the Catholic religion. A series of discussions on various facets of religion have been the subjects of the monthly meetings. Attendance of a class led by Father McConnell and a special corporate communion have been the projects of the club this year.

Recreation Association

The Recreation Association sponsors and coordinates the athletic program of the entire college. Each recreational activity, whether it be hockey, softball, bridge, bowling, basketball, ping pong, volleyball, tennis, a week-end at the Homestead, the R. A. Picnic or whatever, is organized with an emphasis on fun, relaxation, and sportsmanship. The R. A. Council made up of the R. A. officers, the clan and individual sports leaders, a *Campus Comments* representative, and freshmen dorm representatives meets monthly to plan and organize the various activities that it sponsors during the school year. This year a riding representative was appointed to the Council so that this group might meet the expanding interests of the student body.

Scotch and Irish Clans

Spirited Scotch-Irish competition has helped make this an athletically exciting year. The R. A. picnic was held in October and amid much clamor and team spirit the freshmen and new faculty members received their clan bids. Clan leaders Anne Hogshead and Carolyn Smith enthusiastically prepared for the up-coming hockey season; cheerleaders were chosen, and the year was well underway. The fall season saw the Irish reign victorious in both Hockey and Volleyball, but January saw the Scotch win the victor's points in Basketball competition.

Recreational Sports

During exams the "Rec-of-the-Week" contest provided an excellent opportunity for relaxation and a break in the long hours of studying. A bowling tournament, ping-pong and pool also provided recreational opportunities through-out the year. The Bridge Tournament, held in April for the arm-chair athletes, was an exciting event for M. B. C. card sharks. The Spring Picnic and Student-Faculty Softball Game successfully culminated the years' activities.

Hockey

October and November saw the first of the Recreation Association's competitive clan sports get underway. Scotch and Irish hockey enthusiasts came daily to practice. Amidst the heat of clan competition, Macon Clement, Irish Captain, and Anne Hogshead, Scotch Captain, carefully selected forwards, half backs, full backs, and goalies. The two teams exercised and scrimmaged daily, each hoping to gain the victor's points for her clan. In two very exciting games, the Irish defeated the Scotch. The most skilled players from the two teams were selected to be on a varsity team which played inter-collegiate hockey with other Virginia women's colleges.

Tennis

Ham Richardson, Donald Dell, Donna Floyd, and Mary Jane Donnalley officially opened the new hilltop tennis courts on Parents' Weekend. Men's and women's singles and a set of mixed doubles provided an afternoon of tennis enjoyment for the visiting players as well as the student and parent spectators. The Scotch-Iris tennis tournament was held in the fall, a ladder being set up for each clan. The victors of this clan competition played each other for the number one seeded player of the school's challenge ladder. The two winners of the spring round robin participated in the Southern Women's Inter-Collegiate Invitational in May. Silver trophies awarded to the victors heightened a weekend of tennis fun.

Riding

Crisp October air and a distant mountain range set the scene for an afternoon of enjoyable riding at Oak Manor. As a newly organized group, the Mary Baldwin riders have attempted to form a team which will represent the college in intercollegiate spring and fall horse shows.

LYNN FRIERSON, Scotch Captain and SHEARER TROXELL, Irish Captain

Volleyball

The volleyball season saw heated clan competition. Lynn Frierson and Shearer Troxell busily placed their teams in hopes of victory. Although the games were close, the Irish received the victor's points. One of the exciting events of the season was the struggle between the students and the faculty which ended in a faculty victory. A special award assembly at which Jo Whittle, Lynn Frierson, Jane Gilmer, Catherine English, and Shearer Troxell received awards ended the season.

TERRY LEE ALEXANDER, Scotch Captain and ANN DELK, Irish Captain

Basketball

Basketball, the clan competition during the months of January and February, was headed by Terry Lee Alexander and Ann Delk, Irish and Scotch captains. Daily practices and hard workouts contributed to the Scotch victory.

BIT SHADE, Irish Captain and EMILY TYLER, Scotch Captain

Softball

Providing an outlet for spring fever, softball took on a new significance this year. Bit Shade and Emily Tyler organized clan teams and helped maintain the high level of interest in softball.

Dolphins

"Synchronized Seasons," the theme of this year's Dolphins' pageant, was the result of much hard work and diligent practice. A swimming club of twenty members, the Dolphins choose new members early in the fall and work throughout the months of November and December to perfect the production of their annual aqua pageant. It is directed and produced by the members of the club, each girl participating in three numbers in addition to painting flats, selecting music, and making costumes. Aside from this project, various splash parties are sponsored throughout the year by the Dolphins.

publications

A constitutional amendment stating that "the editors and business managers of the *Campus Comments*, *BLUESTOCKING*, and *Miscellany* will be appointed by the Board of Publications by February 15 of each year," rather than by popular ballot as heretofore, was a step toward more competent student publications on the Mary Baldwin campus. This amendment was drawn up and proposed to the Student Board by the Board of Publications.

Composed of the present and past editors and business managers of the three student publications, their faculty advisors, and the director of the News Bureau, the efforts of the Publications Board are directed toward increasing the efficiency of the staffs of the publications and to coordinate and exchange information.

As the literary magazine of the college, *The Miscellany* serves as the voice of the students. It contains their feelings, both serious and entertaining, in the form of short stories, poems and essays. This academic year witnessed a school-wide contest to encourage students interested in creative writing to submit original works for publication. These contributions were judged by the members of the 402 Workshop who served as guest editors.

Originating in 1899, *The Miscellany* has undergone many revisions in becoming the magazine it is today. This current year the magazine attained a new level of achievement by becoming a member of the Associated Collegiate Press.

SENIOR SCRIBBLERS

For those who have dreamed, planned, and worked on this BLUESTOCKING, the time between Spring Elections, 1960, and the Junior-Senior Banquet, 1961, has passed much too quickly. Only memories remain. Layouts, pictures, TU 6-6266, horizontal!, proportions, crop marks, retakes, deadlines, neglected studies, writing and rewriting, check marks and proof-reading are a part of the past. Somehow the pressure, the worry, the disappointments and the petty antagonisms are forgotten, but remembered is the spirit of working together in an attempt to capture in pictures and words the activities and the friendships which have made this such a vital, exciting, and meaningful year. Mr. Ted Riddle, our photographer, deserves special thanks for his boundless patience and cheerfulness. The staff would also like to thank Mr. Dixon and Mr. Wilson from Lang's Jewelers for their gracious cooperation and help with the theme. The editor personally would like to thank her parents for their patience and encouragement, Miss Fannie Strauss, our sponsor, for her unfailing interest and help, and to every member of the staff for her hard work and enthusiasm.

Campus Comments

An effort has been made during the 1960-61 session to increase the value of *Campus Comments*, the college weekly newspaper, as a primary news channel in the Mary Baldwin community. Stories on Parents' Day, the cornerstone laying of the Lyda Bunker Hunt Dining Hall, the new Ham and Jam, President Eisenhower's visit, and the May Court election have been among the big stories carried in this year's issues.

Through editorials an attempt has been made to keep the student body cognizant and aware of campus, national, and international affairs and problems. Articles featuring members of the college community have been published in an effort to present "news behind the news." The weekly cartoons have been an expression of the belief that "one who laughs, lasts."

Beginning second semester, various under-editors assumed more responsibility in their individual departments. This has been in keeping with a move to make the staff a more smoothly-functioning unit.

Campus Comments is a member of the Associated Collegiate Press, Intercollegiate Press, and the Virginia Intercollegiate Press Association. The Associated Collegiate Press awarded *Campus Comments* First Class Honor Ratings for both semesters of 1959-1960.

Dr. Spencer presents the Algernon Sydney Sullivan Award to Elaine Vaughn

Sought by church and community for her leadership and ability, she responds with unflinching determination and zeal. She has faithfully and effectively served the Woodrow Wilson Birthplace Foundation, the King's Daughters' Hospital, and Bettie Bickle and Sunnyside Homes, the Woodrow Wilson Centennial, the Community Chest and other causes, in addition to her work as Director of Massanutta Springs for the Presbyterian Synod of Virginia. For her conscientious depth of character in carrying through efficiently and successfully a wide variety of activities, and for her responsibility as a Christian citizen who seeks no reward other than the privilege of service, Mary Baldwin College presents to an alumna of the Class of 1916

RUTH CARNEGIE CAMPBELL

The Algernon Sydney Sullivan Award for 1960.

Intelligence and integrity have been the keystones of her life at Mary Baldwin College. A deep interest in and understanding of others; a sense of balance—including a keen sense of humor; the courage of her convictions—these are the added attributes which have made her outstanding in the leadership she has assumed. Yet, her influence on the campus has been derived not so much from this position of leadership as from what she is herself.

For these qualities of character and of spirit and for the cheerfulness and generosity with which she has given of her time and efforts to this college community, the Algernon Sydney Sullivan Medallion is awarded to

NINA ELAINE VAUGHN

The New York Southern Society and Mary Baldwin College have jointly arranged for the presentation of two medallions at commencement each year to those who, because of the quality of their lives, are judged to be appropriate recipients of the award. While the award recognizes accomplishment, unselfish service is the fundamental principle, as this was the keynote of the life of Algernon Sydney Sullivan, whose name the award bears.

Russell Scholar

The Russell Scholar for 1960-61 entered Mary Baldwin College from the Thomas Jefferson High School in Richmond, Virginia, as an Honor Scholar in 1957. In her freshman year she met the expectations of the Scholarship Committee by making the highest average in her class and by being elected class president. She has continued to make outstanding grades and to serve as a student government officer in her sophomore and junior years. Next session she will be vice president of the student body.

In recognition of her academic attainment, her character, and promise for the future, the faculty has conferred the title of RUSSELL SCHOLAR on

Five new members were added at the spring tapping in April.

Who's Who

One of the highest honors bestowed upon Mary Baldwin seniors is selection to appear in *Who's Who Among Students in American Colleges and Universities*. Nominations for this honor are made by members of the Senior Class and are confirmed by the college administration. This year five seniors representing varied phases of achievement and service to the school were nominated and elected to this group. Elaborate questionnaires covering such subjects as interests, hobbies, and personal taste were completed by these students and filed with the publisher.

Chosen by her class for her beauty and poise, each marshal represents charm and grace to guests and visitors. The college ushers are selected by the marshals to serve with them at important school functions. The chief marshal, elected by the student body, serves as the official hostess of the college and co-ordinates the duties of the marshals and ushers. Although their function is important it is also enjoyable. Events which the marshals and ushers served as hostesses for this year included the laying of the cornerstone ceremony for the Lyda Bunker Hunt dining hall and the visit of President Dwight D. Eisenhower to the Mary Baldwin Campus.
